² The rates of return shown in the table are used only to illustrate the effect of the compound growth rate and are not intended to reflect future values of the ETF or returns on investment in the ETF. Total return performance calculations reflect performance, net of fees, on a trailing basis and are subject to change daily.

Commissions, trailing commissions, management fees and expenses all may be associated with exchange traded funds (ETFs). Please read the prospectus before investing. The indicated rate of return is the historical annual compounded total return including changes in per unit value and reinvestment of all distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. ETFs are not guaranteed, their values change frequently and past performance may not be repeated.
